12 March 2018

Date Claimers

NATIONAL DAY OF ACTION AGAINST BULLYING AND VIOLENCE / ANTI-BULLYING

The Proserpine State High School will be participating in the National Day of Action Against Bullying and Violence on **Tuesday 13 March**, even though the national date is Friday.

The Student Council is encouraging all students and staff to wear a **PINK SHIRT** to show their support. Students **MUST NOT** wear singlets, midribs or anything with offensive images/writing. The school's usual dress standards applies for the free dress day:

- Shorts/shirts as per school policy
- Footwear as per school policy
- Jewellery as per school policy.

This year's theme is "Imagine a World Without Bullies".

Wouldn't it be awesome to see everyone dressed in **PINK** on **TUESDAY!** Yes, the boys too!

WORLD'S GREATEST SHAVE

Friday 16 March 2018

Nominated persons will have their hair either shaved or coloured to raise funds to aid research into a cure for blood cancers. There will be sausages and soft drinks for sale on the day.

Funky Hair Friday – students are to come with funky hair or have their hair coloured by the student council as part of the "World's Greatest Shave".

Please support the school with this cause.

P & C MEETING

March's meeting will be held on **Wednesday 21 March** in the Student Advisory Centre Meeting Room beside the Administration office starting at 6pm. All welcome to attend!

Principal Perspective

COMMONWEALTH GAMES BATON RELAY

A huge congratulations to Howard McDonald, Year 12, who has been selected as a 2018 Baton Bearer in the upcoming Commonwealth Games Baton Relay. Howard has received his confirmed starting location and time he will run on Monday 19 March 2018. We are extremely proud of Howard's achievements as a State and National Athletics representative. Come along and support Howard as he represents his school and community.

Starts at: Intersection of Coral Sea Resort Road and Ocean View Avenue

PARENT INFORMATION SESSION

STYMIE Program (Anti-Bullying)

Wednesday 14 March from 6:30 – 7:30 pm
Proserpine State High School, **Science Language Centre Lecture room.**

Finishes at: 14 Broadwater Avenue (near the lagoon)

Time: Approximately 5:10pm

Queen's Baton Relay Map can be found at the end of this newsletter.

STUDENT PARTICIPATION

I complemented students on parade for the level of active participation in several school extra-curricular activities. Our school prides itself on providing a range of opportunities for students across the academic, sporting and cultural fields. I recognised students on parade for their involvement in Lions Youth of the Year, girls and boys rugby league, volleyball and the musical, whilst encouraging students to look for future activities coming up this year.

A huge appreciation goes out to teachers, support staff and community members who are working hard to provide these opportunities for our students.

STYMIE

To further strengthen our approach to reducing bullying related incidents Proserpine State High School has implemented the STYMIE Program across all year levels in 2017. STYMIE is a bullying alert system that enables students who witness another student being bullied to send anonymous electronic notifications to the school. Allowing students to remain anonymous, gives students the courage to overcome fears and social pressures that prevent them from speaking up. It also relieves feelings of weakness for students who want to help their peers but don't quite know how to assist them.

How does STYMIE work?

1. Stymie allows bystanders to send anonymous notifications to your school, about someone who they believe is being bullied or harmed.
2. The notification interface allows bystanders to upload evidence like screen shots of FB discussions, Snapchats, text messages or instant message conversations and an outline of the incident(s).
3. Yours truly, School receives the Stymie Notifications in the form of an email alert. You may choose which members of staff receive these emails.
4. The notifications are encrypted, anonymous and confidential. Stymie does not store any information; we are merely the road upon which it travels.

CYBER SAFETY - PARENT INFORMATION SESSION

A must for all parents and caregivers is the upcoming information session on cyber safety on **Wednesday 14 March from 6.30 to 7.30pm** in the Proserpine State High School Lecture room. Rachel Downie from STYMIE will address the issue of technology in her parent presentation entitled 'Getting Your Techno Power Back: Five Things You Can Do Tonight.' This is a candid session, which details how you can set guidelines for your child's use of technology in your home.

HELPING YOUR CHILD SUCCEED AT HIGH SCHOOL

As we approach the heavy assessment period for Semester 1, it is timely to revisit a few key tips for parents that will ultimately assist their students with reaching their full learning potential during their time at Proserpine State High School. To begin, I would like to discuss the importance of you knowing your child's study plan and helping them manage their study time.

The senior years of schooling are busy and challenging for all students. Success in the senior years requires students to develop successful organisational skills and study habits to manage the various demands of their academic and co-curricular program. Teachers closely monitor students during their school day and actively support the development of the essential skills for academic success. However, when students return home, we are not able to continue this monitoring and it is here that your involvement becomes critical to their success.

Be aware of your child's study and assessment commitments. All students at Proserpine State High School have access to a semester study planner which details all their core learning and assessment requirements. These semester overviews are available for download from our school website. Your child should have a clear study plan that details time allocations for homework, assignment work and regular review/revision work for each of their subjects. The study plan your child develops should also detail time for their co-curricular and extra-curricular commitments. Maintaining a balanced lifestyle is essential in maximising achievement.

STUDENT COUNCIL REPRESENTATIVES

Students elected by their peers have been presented with their Student Council Representative badges during Year Level parade. Junior and senior student councils have made a commitment to advocate the student voice, make a positive difference to the daily lives of our students whilst at school. Congratulations to the students' elected and good luck for the year ahead.

Mr Don McDermid
Principal

Deputy's Bits

Dear Parents/Guardians of Year 11 and 12 students,

All Year 11 and 12 students have received their assessment block schedule. It addresses the expectations and attendance for exams and assessment catch up. The Year 11 and 12 Exam Block Term 1 2018 can also be viewed to the left of this newsletter under 'Assessment Schedules'.

Information outlined to students includes:

- **Please Note:** There are no normal scheduled Year 11 and 12 classes from Tuesday 20 March to Friday 23 March.
- This is an assessment block – this means that all assessments including exams, VET modules, and assignments are required to be up to date by the end of this block. If work/certificate modules have not been completed, students will be expected to come to school and complete. A room will be provided for students wanting to study or complete unfinished work, when they are not required for an exam.
- All students may have home study time (or be working on other incomplete assessment) when not attending for an exam or attending to complete outstanding/incomplete assessment.
- **Full school uniform** is required while in attendance at school during this block.
- Rooms will be allocated for students to use for quiet study.
- Should your student have an unavoidable reason on the day of an exam e.g. sick, please contact the office on the day to make other arrangements.

Please help us by further reinforcing these expectations with your student.

Mr David Gallagher
Deputy Principal – Senior Secondary

Japanese Corner

Welcome to Japanese Corner. Mrs Morris-Blair and Miss Hall are proud to present to you fortnightly cultural articles to get you excited about our Japanese program.

Kit Kat - traditionally a milk chocolate-covered wafer bar we all know and love. However, did you know that in Japan, Nestle have created over 300 hundred varieties of different flavours of Kit Kats? Those flavours that have included: grilled potato, soy sauce, fruit parfait, miso, corn, citrus, chilli, wasabi, sweet potato, sake, edamame (soy bean), cola, pudding, apple vinegar, carrot, pumpkin, aloe yoghurt, and cheesecake, has made this confectionary very popular in Japan.

Figure 1 Japan has over 300 variations of Kit Kat flavours

<http://www.traveller.com.au/kit-kat-flavours-in-japan-more-than-300-flavours-and-one-australian-wants-to-try-them-all-gttl3n>

In fact, Kit Kats are so popular that over 5 million Kit Kats are consumed in Japan a day! Unfortunately, different flavours of Kit Kats are either limited-edition, seasonal and regional. Many of the flavours are only available in specific areas of Japan and are designed to showcase regional specialities. For example, in 2016, Hokkaido - famous for its fruit - inspired a mini melon and mascarpone cheese treat. Hiroshima's maple red bean cakes have also been incorporated into the Nestle range.

Melon and Mascarpone Cheese Maple Red Bean Cake

Red velvet Kit Kat were also created to celebrate Valentine's Day to hit the shelves with an estimated life span of just two months.

Red Velvet Kit Kat for Valentine's Day

As a result of limited edition Kit Kats, it has created a craze of collecting Kit Kats as a hobby.

A collection of Kit Kats

Luckily for us, Nestle have seen how desirable limited edition and unique flavoured Kit Kats are to the people of Japan. In January 2004, Nestle opened Kit Kat Chocolatory Boutiques across Japan and feature higher-end ingredient Kit Kats.

Kit Kat Chocolatory in Japan

Not only are Kit Kats popular due to their unique flavours. But Kit Kats are also used as a good luck charm.

Kit Kats are the most popular confectionery treat in Japan, "Kit Kat" approximates to "kitto katsu" - a Japanese expression meaning good luck. (Literally: "surely win.") The candy has become hugely popular as a gift, especially for schoolchildren, and candy-maker Nestle has capitalized on the craze by making dozens of unique Kit Kat flavours. The varied tastes were made to pay tribute to the unique tastes and foods of Japan.

Writing good luck messages An add to promote using Kit Kats as a good luck charm for students entering exams

Quality Teaching and Learning

MIGHTY MINDS WORKSHOPS

Last Thursday and Friday, Mighty Minds Educational Consultants visited Proserpine State High School to present workshops to both Year 11 and 12 students on preparation for the QCS test. They also presented workshops to staff on the introduction of the new ATAR system focussing on cognitive verbs and parents on OPs/QCE and the new ATAR system.

Year 12 students were treated to two days preparation for the QCS test, which will be held Tuesday 4 September and Wednesday 5 September 2018. Mighty Minds director, Steve McCabe inspired and engaged students on how to best prepare for the tests through practice activities and exercises. Steve's high level of energy replicated on the efforts of students, students were involved and engaged throughout the whole day. The second day saw Steve's colleague, Paul continue to inspire and encourage the efforts of Year 12s in their preparation for the QCS test.

Year 11s spent a day looking at how to survive in senior and beginning QCS preparations. It was an extremely beneficial day ensuring that our current Year 11 cohort is prepared for the rigours of senior school.

World's Greatest Shave

The Leukaemia Foundation "World's Greatest Shave" is on Friday 16 March at the school. This is our major fundraiser for Term 1.

In the staff, Mr Cox and Sharon Flynn (cleaner) will be shaving their hair again, while Miss Thomson will be colouring her hair again. They will be joined by returning shavers Beau Allen (Year 8) and Jack Dwyer (Year 9), while a big group of ladies will be bravely losing their locks. Georgia Butler (Year 7), Stella Duggan (Year 8), Hannah King (Year 10) and Holly Spencer (Year 9) will all be shaving. In addition Alicia Yaxley (Year 10) and Shannon Allan (Year 7) will be colouring on the day.

The school will be participating in Funky Hair Friday where students come with funky hair or have their hair coloured by the student council as part of the "World's Greatest Shave".

Fundraising tally to date is \$5265.95 with this week remaining. Donations have been occurring in Care Groups and you can donate online, select the Proserpine State High Team page and receive your tax deductible receipt.

Student Support Services Team

STYMIE

An Anti-Bullying Tool

Stymie allows bystanders to send anonymous notifications to Proserpine State High School about someone who they believe is being bullied or harmed.

The notification interface allows bystanders to upload evidence like screen shots of Facebook discussions, Snapchats, text messages or instant message conversations and an outline of the incident/s. The messages are automatically forwarded to the appropriate adult here at Proserpine State High School. The first conversation we have will be with the student who is experiencing harm - they will know they are not alone.

Proserpine State High School is committed to harnessing the power of bystanders to change the 'culture of acceptance' of bullying in our community; a problem even the government admits is endemic amongst our youth. Stymie complements Proserpine State High School's existing student well-being/pastoral care framework.

More information can be found via the links below:

<http://www.stymie.com.au/>

<http://www.facebook.com/stymie.au>

Rachel Downie, Director of Stymie will be speaking to students, teachers and parents at Proserpine State High School this week. Her parent session entitled Getting Your Techno Power Back details how parents can set guidelines for their child's use of technology in the home. **Please mark Wednesday 14 March, 6:30pm down in your calendar.**

BULLYING NO WAY

Student Advisory Centre

Student Support

BULLYING NO WAY

Friday 16 March will mark the eighth National Day of Action against Bullying and Violence. Proserpine State High School will pay respect to this important movement with a week of events that spread awareness of and education on, bullying.

Bullying prevents schools from being what they should - welcoming places of growth and learning. Proserpine State High School sees having a positive and social school culture as key to successful and happy students and that is why we will join hundreds of other schools around the country this week as we say 'No Way!' to bullying. Addressing bullying is a complex process, a mixture of school awareness, staff education and building student resilience.

In our technological era, bullying doesn't just take place on the school grounds. Cyber Bullying and the relationship students have with technology is certainly something that many parents express concern over. For this year's anti-bullying week we are excited to announce presentations by the director of STYMIE, Rachel Downie.

STYMIE is a program that allows bystanders to send anonymous notifications to a school. This means students can

feel more comfortable reporting bullying and have more access to do so. Rachel will be presenting to students on Wednesday 14 March. That same evening she will present to parents on the relationship between students, technology and bullying.

ANTI-BULLYING WEEK EVENTS

Tuesday 13 March: Pink Shirt Day (the international colour for anti-bullying and discrimination). Students and staff are encouraged to wear pink, orange or purple shirts. During the first break, the school would love all students and staff wearing coloured shirts to have a photo taken in the quadrangle (or Luke Complex if wet). Then during the second break, the Student Council will be running activities in the quadrangle.

Wednesday 14 March: School STYMIE Presentations for Years 7 to 10 in period 4 (seniors have already participated).

Wednesday 14 March Evening: 'Get Your Techno Power Back' Parent Presentation (PARENTS ONLY please) Science Language Centre Lecture room from 6:30 to 7:30pm.

Thursday 15 March: During Care Group, there will be a Care Group Quiz on the school's Anti-Bullying Programme.

Friday 16 March: During Care Group, Care Group teachers/senior leaders will discuss bullying strategies with students (including reporting harm via the Stymie website). The winning Care Groups from Thursday's quiz will be notified.

For more resources on bullying, including apps, services and information for students and parents, please visit the link below.

SUN SAFE SHIELD POINTS

Congratulations to all those students and teachers who practiced being sun smart at the Swimming Carnival.

Care Group winners were:

- 3rd place** Flinders 8 on 71 points
- 2nd place** Kennedy 6 on 72 points
- 1st place** Flinders 7 on 80 points.

Our Sun Smart Care Group Shield points are a combination of the Swimming, Care and Athletics Carnivals, so visit the Sun

Smart ladies at the next couple of carnivals and get your points up!

THINK U KNOW FACT SHEET

The internet and mobile phones provide great ways to express yourself and communicate with others. It's important to make sure they're used responsibly so that everyone has an enjoyable online experience. It's all about respecting yourself and others.

- Use a strong password, a combination of upper and lower case letters, numbers and symbols, eg P@ssw0rd!
- Use secure email boxes, those with links at the start of the URL, and a padlock or other indication that it is secure, when sharing sensitive information.
- Update your operating system regularly and make sure you have antivirus software installed on your computer and other devices - phones too!
- Avoid opening or responding to emails from people you do not know and aren't expecting - they could contain a virus or malicious software.
- Don't give out private information over the internet or mobile phones about you, your family and friends. Also think about what information might be contained in photos you share.
- Only accept friend requests from people you know and trust. When it comes to friends and followers online it is not a popularity contest!
- Think before you post! Once you've posted, you can't get that back. Who might see that photo, video or comment? Where might it end up?
- Make sure your social media accounts are set to private or friends only! Also make sure you check your privacy settings regularly as they can change without you knowing.
- Tell your friends to ask for your permission before uploading or tagging you in a photo - make sure you do the same!
- Don't post inappropriate or illegal content - it is responsible to permanently delete digital content once it has been shared.

Most importantly, know where you can go for help! Speak to an adult you trust if something makes you feel uncomfortable online or on a mobile phone. You can also contact:

- Reach Out: www.reachout.org.au
- Bullying: No Way! www.bullyingno.com.au
- Kids Helpline: 1800 55 1800
- Youth Beyond Blue: youthbeyondblue.com.au
- The website, application or phone number that you were using at the time.

For more information visit www.thinkuknow.org.au

SET YOURSELF UP FOR A GREAT YEAR

Make this the year that you will remember for the rest of your life as the time you really set yourself on the pathway to success.

There are several sure-fire ways to make this a great year:

- Build positive relationships with everyone you know.** Parents, teachers, friends, everyone! One of the ways of reducing your stress levels is to set out to have as many positive friendships this year as you can.
- Challenge yourself.** You are much, much smarter than you know. If you practice doing your best in life you will succeed because very few people ever practice doing their best. To do your best you have to get out of the habit of predicting that things won't go well for you. If you look for what's going to go wrong, you will always find it. If you look for what works, life just gets a lot easier.
- Prepare yourself for learning.** Thinking positive isn't enough for successful, achieving goals. Implement ways to reduce distractions, at least for a few hours at a time or else learning will become a frustrating experience. Human nature is such that not everyone in your life will be a well-wisher in your self-improvement and learning plans. They may intentionally or subconsciously distract you from your goal.
- Get enough sleep.** Getting enough sleep helps you to manage stress, stay happy and also increases your marks. You need at least 8 hours and sometimes as much as 9 and a quarter hours a night.
- Eat breakfast.** A lot of people skip breakfast, but you often learn best at school in the morning and it helps

to have some protein in you to feed your brain. A lack of protein can actually cause headaches.

6. **Do the most important things first.** Get into the habit of being effective. Write a to-do list each week. Ask yourself the question, "What is the one thing I could do this week in each subject area that would improve my results?" Then do it.
7. **Use your time well.** Many people muck around in school and then wonder why they have to do so much work outside of school. If you can focus and listen well while at school you can save yourself endless hours. Some people find if they sit at the front they are less distracted. Teachers want their students to do well. Watch your teachers closely. Observe the things they emphasise or repeat. Take notes of these things. It is a fair bet that these things will feature in tests and exams.
8. **From little things big things grow** – do a little bit often. Succeeding at school can be easy if you do a little bit each day. The best learning occurs when you do repetitive interval training. This means do a little bit of practice every day. Interval training is especially powerful in subjects like maths and the sciences.
9. **Focus and immerse yourself.** For at least some time every day switch all forms of technology off and focus on whatever you're studying. Don't try to watch TV, listen to music or gaze at a screen at the same time as learning something. Technology is not going to be there in exam rooms so you need to be practiced at performing without it.
10. **Don't try to predict the future.** Most students are really bad at predicting how well they are going to do. In fact, they are hopeless at it. So don't spend the year thinking how awful your results could be. Just do the most important things first and do them regularly.
11. **Be curious.** Think of someone you know who always seems to know interesting things - weird facts, strange occurrences, funny jokes and whacky stories. Try to be one of these people. Look out for and learn things that are fun and interesting.
12. **Play more** – get active, break out into a sweat now and then. Lack of blood flow is a common reason for lack of concentration. If you've been sitting in one place for a while, stand up and stretch or bounce one of your legs for a minute or two. It gets your blood flowing and sharpens both concentration and recall. Even if you are really busy three twenty minute bursts of exercise a week makes a massive difference to your stress levels, happiness and sleeping.
13. **Decide to be happy.** Lots of people wait to be happy. They wait for the situation to be right, or they wait for the right friends to show up. Some people spend their entire lives waiting to be happy. Decide to be happy now. Have a look at the things in your life you can feel lucky that you have. Appreciate the

people who like you and love you. Make the most of the moment and seize the day. Have a fantastic year!

Author Andrew Fuller

Yarning Circle

INDIGENOUS AUSTRALIAN SCIENCE & INFRASTRUCTURE DEVELOPMENT (SID) SCHOOL

The SID School is a free, fully-supervised, five-day, residential program held in Brisbane. It is designed to inspire Indigenous Australian secondary school students in Years 10, 11 and 12 to consider higher education that can lead to careers related to the biological, earth and environmental sciences, chemistry, information technology, urban development and planning, and stakeholder engagement.

Students participate in a range of hands-on activities, discussions and site visits that showcase university and professional life.

The 2018 program is scheduled to be held from 2 July to 6 July 2018, inclusively.

More information and application forms can be accessed from the link below. Forms and supporting documents are due by Friday 11 May 2018.

<https://www.sidschool.com.au/>

See yah when I'm looking at yah.

General Information

FACEBOOK PAGE

For the latest news and any important school alerts please 'like' the high school on Facebook. It is a key point of information regarding changes to school routine, upcoming events, good news stories, etc. in the link below.

<https://www.facebook.com/ProserpineSHS>

HOMEWORK CENTRE

The centre is open every Tuesday and Wednesday afternoons in the Proserpine State High School's Resource Centre from 3pm until 4pm. This is an opportunity for students to work on homework, assignments or study. This is a free service offered by the school and there are teachers available for assistance if required. Late bus passes to catch the 3:45pm bus can be issued to the students who reside in Cannonvale, Airlie Beach or Jubilee Pocket.

For any further information please contact Rachael Jackson, Acting Head of Department – Teaching & Learning on 4945 0111 or rjack94@eq.edu.au.

LOST PROPERTY

If you are missing anything from around the school, please check the lost property at the office as the stand is overflowing with items (lunchboxes, water bottles, etc.).

Please come and collect your stuff or it will be donated to charity at the end of term.
