Date Claimers

YEAR 7 AND 8 PARENT INFORMATION EVENING

Policies and procedures of Proserpine State High School will be presented and an opportunity to meet some of the Year 7 and Year 8 teachers.

Resource Centre, Thursday 5 March 6:30pm – 8:00pm
Please bring your child’s school diary and Year 7 and Year 8 Assessment Planner.

Students do not need to attend.

EVENING SCHEDULE:

- 6:30 – 6:40 Introduction – Year 7/8 Coordinators
- 6:40 – 6:50 Mr Don McDermid (Principal)
- 6:50 – 6:55 Mrs Trisha McHugh
- 7:00 – 7:45 Workshops with teachers (school policies)
- 7:45 – 8:00 Meet and greet your child’s teachers

Deputy’s Bits

SWIMMING CARNIVAL

The Swimming Carnival was a great day with plenty of students enjoying themselves. Students are to be congratulated for their behaviour during what was an extremely hot humid day. I was very impressed with the house spirit demonstrated by many on the day and the sun safe approach by all those in attendance. The sustained hard work of staff (lead by Karen Dachs, our School Based Youth Health Nurse) to create a ‘novel’ approach to applying the sunscreen continues to be effective on these days out in the sun.

CLASSES AND TEACHER NEWS

This week we have welcomed further teachers to the school. Mrs Joanne Goodall (English/humanities) has transferred to us from Urangan State High School and Mr Paul Ferguson (manual arts) and Mr Scott Hunter (students with disabilities), already familiar faces in our school have joined us for semester contracts. Some classes have moved to newly created classes with new teachers in the past couple of weeks, with the last planned timetable class and teacher changes starting from today. While you may be concerned with the changes happening this late in the term, please be assured that this was determined to be the best time in relation to assessment and the starting/finishing of units.

P&C NEWS

The P&C Annual General Meeting was held recently. Thank you to the parents/guardians that have taken on an active roll through P&C meeting attendance and in particular office bearers or representative rolls within the association. We welcome back Norm Veal as President after a twelve month break, Kathy Reents continues as Vice-President and Jeremy Cooper continues as Treasurer. We thank our ‘retiring’ Secretary, Tina Hamilton for her tireless work and put the call out for the vacated secretary position. Other positions elected include Canteen Parent Representative, Julie-Ann Ruddell, Student Council Representative, Karen Dachs. The Queensland Council of Parents and Citizens’ Association (QCPA) Representative is also still vacant.
IS YOUR STUDENT DISCIPLINED?

In a previous newsletter, our Principal has discussed the importance of being in attendance at school. There is a range of key aspects to achieving success as a student. If you are reading this as a student then please read below as a prompt and motivation to reflect on these ‘words of wisdom’ and your individual situation. If you are reading this as a parent or guardian then hopefully the information below provides you with the tools to reflect on these important aspects and consider them in relation to your student/s.

My words of wisdom on self-discipline

I fundamentally believe the secret to student academic and vocational success is measured against their self-discipline. A disciplined child who is prepared to complete homework, assessment and study ahead of all other priorities will reach or exceed their potential at school. Parents often ask me how can I teach my child these important attributes? Regularly under-performing students do not respect boundaries or even basic rules. They expect to be able to ignore their responsibility to adhere to enforceable rules without consequences. It is extremely important that as a school and the parent/guardian, we communicate and work together to ensure that they are clear of our expectations. You can teach children self-discipline by enforcing given rules consistently without compromise.

Our staff continue to work together to review, discuss and develop learning experiences to create a better learning environment but the first step starts by each student adhering to the school procedures and rules. I cannot change the past, only enforce the future. The greatest gift you can give your child is to stand with the school and enforce our rules. Do not allow the behaviour of others to justify your child’s non-compliance. Try telling a police officer a speeding fine is unreasonable because I have always sped down this road and no one fined me before or I was speeding because everyone else was speeding. It just does not excuse the fact you were speeding.

Our commitment to parents is to ensure our rules will be applied fairly and consistently for all students. We will continue to address standards across the school with intent to maintaining the school culture, tone and learning environment for which our school has become known.

Mrs Alison Rodgers
Deputy Principal

Parents & Citizens’ Association

Thank you for those who attended the recently held AGM.

The new executive positions for the 2015 P&C Association:

<table>
<thead>
<tr>
<th>Position</th>
<th>Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>President</td>
<td>Norm Veal</td>
</tr>
<tr>
<td>Vice-President</td>
<td>Cathy Reents</td>
</tr>
<tr>
<td>Treasurer</td>
<td>Jeremy Cooper</td>
</tr>
<tr>
<td>Secretary</td>
<td>Vacant</td>
</tr>
</tbody>
</table>

Thank you also to:

- P&C Canteen Representative: Julie-Ann Ruddell
- P&C Student Council Representative: Karen Dachs
- P&C Rural and Remote School Group: Cathy Reents

Thank you to all the P&C team. Unfortunately due to my new business commitments, (which takes all my spare time and some) I am unable to continue as secretary of the P&C. It is not a difficult or onerous job, and as the P&C and school staff are experienced and supportive, it is quite rewarding. The job can usually be done in around two hours a month, excluding meeting times. If anyone is interested in the position I am very happy to assist in the hand over process.

Kind regards,
Mrs Tina Hamilton

eLearning Update

The last two weeks have seen the issuing of student devices to our Year 7s and 8s. With around 900 devices in the school now it is timely to highlight some of the important issues we need to keep in mind when being involved in the student laptop program:

Use laptops on a hard surface

This provides stability and appropriate airflow. If the device is to be used on a soft surface (e.g. sofa, bed or carpet) this should only be for a short amount of time and periodically check the temperature underneath the laptop. Do not place the device in an area that may get very hot e.g. close to desk lamps. Additionally avoid exposing the laptop computer to direct sunlight dust, dirt, magnets, heavy shock or vibration.

Laptops should not get wet!

Even though they will dry and appear to operate normally, the circuitry could slowly corrode and pose a safety threat. Any spills on the laptop should be reported to the technical support team in the library so its performance can be monitored. Therefore, to avoid this situation do not have liquids or food near the device. When travelling to and from school, a plastic shopping bag can be wrapped around the laptop case and placed in the school bag when wet weather occurs.

Charge the laptop nightly

Leave the power cord at home. A number of students are bringing their cords to school expecting to charge their device in class. This is not always possible or suitable for the lesson. It is the student’s responsibility to have the laptop fully charged ready to start the school day.
Installing or downloading software

Make sure it is saved on data (D:) drive and check the installation/download meets copyright regulations. Only use trusted sources or websites to install, download or transfer information. Some students have added programs that have caused conflicts with the daily operation of the device. Be mindful any installation could clash with the programs already provided. Games and movies are not to be stored on the hard drive of the laptop.

Accidental damage warranty

eLearning take home devices are covered against accidental damage, however an excess is charged. The year 9-12 accidental damage excess is outlined on page 8 of the 2015 eLearning Booklet located on the school’s website

https://proserpineshs.eq.edu.au/Supportandresources/Formsanddocuments/Pages/Documents.aspx

This operates differently to the Year 7 and 8 tablet accidental damage warranty. Information regarding these charges were provided in an email received early this term. Excess amounts are also outlined on the repair form sent home in the event of a breakage.

3G availability

The Year 7 and 8 tablets do not have 3G inbuilt into the device. Unlike other devices in higher year levels, this feature and data plan was not made available by EQ. The internet can be accessed at school and the tablet has the capabilities of connecting to either home internet or a USB internet enabled device.

Year 7 and 8 tablet devices

These tablets have a range of viewing positions by altering the screen and keyboard. Great care must be taken when separating the tablet from the keyboard and reconnecting. This should be done on a flat surface like a desk or table and removed as demonstrated in the eLearning issuing lesson. There needs to be a purpose for separating the screen from the keyboard to modify the position.

Mrs Deb Brown
Head of Department – Business & Technology

Junior Secondary News

We have reached the half-way mark of Term1 and students in Year 7 to 9 have definitely settled into daily school routine in the Junior Secondary School. I am impressed by the number of students that are organised for class with their charged laptop/tablet, appropriate coloured folder and subject books, diary and pencil case indicating that they are prepared for learning. Some students may have additional items required for class such as reading glasses, water bottle and sporting attire. Staff at Proserpine State High School recommend that students pack their bag the night before by checking their diary to ensure they have the correct books and homework tasks are completed.

In the next few weeks students have a number of assessment tasks that require the effective use of class and/or home time to complete. Sometimes assessment dates are changed and this is communicated to students by their classroom teacher and Year Level Coordinator, and to parents via the school newsletter and occasionally text message. The assessment planner is an important document that will assist your son/daughter with their organisation and time management skills and it is best to keep the planner in a visible location for easy and frequent access. Some families may require more than one copy of the planner as their son/daughter has a copy in the diary and another at home.

Year 9 students were able to collect their school tablet from the Resource Centre since the beginning of the school year while issuing of laptops to Year 7 and 8 students took place over the last two weeks. Prior to receiving their laptops the younger students participated in an induction presentation by Leisa Telford (Teacher Librarian) and Deb Brown (HOD Business & Technologies) outlining the type of device, care, storage and everyday use. Students were very excited when they took possession of their devices and were attentive throughout the issuing process.

The ongoing use of the laptop/tablet is the most rewarding and yet the most difficult as your son/daughter need to demonstrate responsible use of the device and this includes charging of the battery for school, file management, following parent and school guidelines and care. While the learning tool assists your child with their formal education it also teaches them responsibility, respect for property and other life skills.

All Proserpine State High School students have access to software and websites to facilitate and individualise their learning. Year 7 students have commenced using electronic textbooks, websites and Mathletics that will enable them to set and achieve educational goals. Junior Secondary teachers use technology as part of their behaviour management process to acknowledge positive behaviour and wise choices while discouraging inappropriate decisions.

Supporting the students in Years 7 to 9 to use and care for their device will require time, patience and effort from teachers and parents however the benefits for students are numerous and they will be better prepared as future learners.

Any concerns or questions please contact Proserpine State High School Administration 4945 0111.

Mrs Trisha McHugh
Acting Head of Department – Junior Secondary

An Update from the Coordinators

YEAR 7 COORDINATOR

After a very hectic start to the year we have reached the midway point of Term One. At this time, the initial excitement of beginning a new school year sometimes starts to wane as we settle into the routine of school life. It is important at this time that students take the time to refocus their energies to make sure of a successful conclusion to the term. One way to achieve this is to make sure that students are organised. Students should have a visual reminder of what their weekly routine might look like. This can be a good way to keep on track and to overcome any anxiety that your child may be feeling.
about school. Use a blank weekly timetable to fill in time for homework/assignments, sport training, work, socialising, sleep, family time, etc.

Congratulations to all those students who participated in the Swimming Carnival last week. It certainly was a new experience for many of the students and an excellent way to develop a sense of identity across the school.

Reminders

Laptops – Students who are a part of the e-Learning Program should now have their laptops. Please review the information sent home earlier about the laptop program.

Lockers – A limited number of lockers are available at school for student use. See Mrs Telford in the Resource Centre to be assigned a locker. You will need to provide the lock.

Parent Night – Thursday 5 March, starting at 6:30pm in the Resource Centre.

Year 7 Camp – Monday 9 March to Tuesday 10 March. Students will assemble at N Block prior to 8:45am. At this time, we will move to the canteen area at the front of the school in readiness for loading buses. Students participating in camp will not attend assembly on this day.

Those students who are not attending camp will attend school as normal. We will organise an alternative program for these students which will reflect some of the activities that we will do at camp.

Absenteeism – Proserpine State High School has a 95% minimum attendance target. It is most important that every student attend school every day in order to achieve their potential.

Please do not hesitate to contact me at the school if you have any concerns.

Mr Rob Jensen
Year 7 Coordinator

Industry News

SCHOOL BASED APPRENTICESHIPS & TRAINEESHIPS (SATs)

SATs allow students to study for their Queensland Certificate of Education (QCE), work for an employer, earn a wage, and train towards a recognised vocational qualification, while completing high school.

Congratulations to the following students who have recently been signed into a school based traineeship or apprenticeship:

- Damien Anderson – Certificate III in Commercial Cookery @ Fish D’Vine
- George Roth – Certificate II in Warehousing Operations @ Reece Plumbing
- Brittany Brand – Certificate III in Fitness @ Extreme Fitness
- Heidi Mathews – Certificate III in Commercial Cookery @ Airlie Beach Hotel
- Nelson Byers – Certificate II in Retail Services @ Subway
- Kyle McCormack – Certificate III in Fitness @ Airlie Fitness
- Bridget Dray – Certificate II in Agriculture @ Dray Pty Ltd
- Daisy Faust – Certificate II in Agriculture @ Bredalbane

Available Positions:

CITY BEACH – is looking for a Year 10 or 11 student to undertake a Certificate III in Business as a school based trainee.
TORGAS is advertising the following full time positions with Whitsunday Regional Council:

- electrical apprentice
- plumbing apprentice
- fitter & turner apprentice
- mechanical apprentice

If you are interested in any of these full time positions you need to see me and register online with TORGAS at www.torgas.com.au. TORGAS will then come to the school to speak to interested students.

AIR FORCE FLIGHT CAMP FOR GIRLS

The very successful Air Force Flight Camp for Girls will be running again at RAAF Base Amberley from 12-15 May 2015.

The program targets girls 16-18 years of age who have an interest in Air Force aviation careers and particularly the role of pilot.

The program is open to all female students in Queensland. In 2014, two students from the NQ region were successful in gaining a place on the program.

This is a residential camp with accommodation, meals and some clothing provided, however parents/guardians would be responsible for getting their students to Brisbane/Amberley to participate.

Further information can be found in the flyer below, as well as application details.

For more information on SATs or work experience, please see Mrs Jolley in B4.

Mrs Nicole Jolley
Senior Schooling & Industry Liaison Officer

From the Guidance Officer

IN NUMBER 2 OPTIONS BULLETIN THIS WEEK:

How to obtain a Tax File Number

In the past you could obtain a TFN application form from the school. Since 1 January 2015 a new application process is required. Find out about the details in the attached Options bulletin.

Defence Force Recruiting are holding an ADFA Facebook Q&A on 5 March from 5:30-7pm. The ADF gap year program - Applications open at 9am on Monday 2 March 2015.
Musical Theatre Workshop
6-10 July 2015 at the Griffith University’s Woolloongabba studios.

Sporting Champions Grant
Applications open for young people aged 12 to 18 years.

Mrs Sharon Rudinski
Guidance Officer
Student Advisory Centre

Health Matters
SIMPLE STEPS TO BETTER HEALTH

Be Active Every Day
The facts are:

- In Queensland, 1 in 2 adults and 2 in 3 children are active enough to benefit their health.
- Physical activity can reduce the rise of cardiovascular disease, type 2 diabetes, some cancers, dementia and depression and help prevent unhealthy weight gain.

How much physical activity is enough for good health?

- Children and young people need at least 60 minutes of moderate to vigorous intensity physical activity each day.
- Adults need at least 30 minutes of moderate intensity physical activity most days- this can be accumulated in a few shorter sessions of 10 to 15 minutes.
- If you need to lose weight you may need to be physically active for more than 30 minutes a day depending on your energy intake from food and drinks.
- Physical activity has many benefits beyond weight management.

What can you do to be more active and improve your health?

- Sit less, move more.
- Walk briskly for at least 30 minutes every day.
- Walk whenever you can.
- Take the stairs instead of the lift or escalator.
- Park the car further away from your destination and walk the rest of the way.
- Children should not spend more than two hours a day using electronic media such as computers and TV for entertainment, particularly during daylight hours.

School Based Youth Health Nurse
Monday, Tuesday and alternating Wednesday on 4945 0112 from 8am to 4pm

Students Out and About

GRIP LEADERSHIP CONFERENCE AND LEADERSHIP WORKSHOPS

Last Monday 16 February, our School Captains and both Senior and Junior Student Council Executives travelled to Mackay to take part in the GRIP Impact Leadership Conference. The day consisted of a variety of workshops that taught the students the foundations of quality leadership and how to implement these in their school. The workshops included “How to Maximise the Impact of Your Events”, “How to Maximise the Impact of Your Communication”, “How to Lead in Different Situations” and “How Leaders can Maintain Momentum.”
The students were treated to a high energy seminar that gave them the opportunity to mix with leaders from other schools within the Mackay and Whitsunday Region. The captains and senior executive then returned to school where they conducted an adapted leadership program which all senior leaders attended. This program has enabled our leaders to understand the responsibility of their role in the school. It has incited motivation and has encouraged our leaders to pursue their vision of igniting a stronger sense of school spirit and unity across the whole school community in 2015. The conference instilled enthusiasm in all our leaders that is sure to shine through in all that they aim to achieve this year.

LIONS YOUTH OF THE YEAR

The Lions Youth of the Year Quest for 2015 attracted the participation of three of our students Katie Campbell, Brannon Oliver and Eli Gunders. On Wednesday 18 February they competed in the Proserpine Club Finals which involved the submission of an application, an interview with a panel of judges, two two-minute impromptu speeches on local, national or international affairs and a prepared five minute speech. Topics addressed were the Abbott Point Development and how we can minimise terrorism in our country. All three students are a credit to themselves and the school. They spoke eloquently and demonstrated a high level of intelligence in both their interviews and speeches. Katie Campbell was awarded the winner of the Proserpine Club Final and Brannon Oliver received the Public Speaking Award. Katie now goes on to compete in the Zone Finals in Collinsville next month. We wish her all the best.

2015 ECO AMBASSADOR PROGRAM

These Eco Ambassadors will be the very first for Proserpine State High School where Eco Barge Clean Seas have created a new and exciting program for the schools of this region. Proserpine State High School has now chosen two very special students who will become our Eco Ambassadors for 2015, Chloe Sullivan and Faith Sylvester.

The program will run throughout the year with one 3-hour learning session per term at Eco Barge HQ held on a Saturday, where the Eco Barge team will teach them what they will need to present/talk to their peers on how they can help protect our local marine environment and marine life from the threats of marine debris and how to care for our local marine turtle population.

The first term’s education session will include a barge trip to the Whitsundays for a hands-on Eco Barge experience.

A very important message that all students and parents need to know if they encounter a sick or injured turtle is to phone the RSPCA hotline number on 1300 ANIMAL (264 625) so the turtle can receive the help that it needs.

Libby Edge
Founding Chair, Eco Barge Clean Seas Inc.

Have you paid your student’s resource scheme fees for 2015?

If you received a text message from the school last Tuesday and have not already made payment please do so as soon as possible.

There are still a number of families who have not yet joined the Student Resource Scheme for 2015. This may be due to an oversight. Please check your records to ensure that payment has been made to enable your student to receive the many benefits of the scheme.

The aim of the scheme is to provide the best educational standards for all students at a minimal cost to families. The Student Resource Scheme funds are fully expended on student needs.
If there are special circumstances for the Student Resource Scheme fees remaining unpaid, the school needs to understand your situation. Please notify the Principal on 4945 0111 or Megan Drennan, Finance on 4945 0101. In order to be of assistance to families, good communication with the school is essential.

**General Information**

**OPEN FOR BUSINESS**

The Breakfast Club is held on Tuesday (Pancake Day) and Thursday (Toast Day) in the mornings before school in front of K6. A good breakfast aids in improving learning.

**HOMEWORK CENTRE**

The centre is open every Tuesday and Wednesday afternoons in the Proserpine State High School Resource Centre from 3pm until 4pm. This is an opportunity for students to work on homework, assignments or study. This is a free service offered by the school and there are teachers available for assistance if required. Late bus passes can be issued to the students who reside in Cannonvale, Airlie Beach or Jubilee Pocket.

For any further information please contact Marijke Kuypers, Master Teacher on 4945 0128 or mkuyp2@eq.edu.au

**Canteen News**

Looking for something cool and healthy in the canteen? During this warm weather we are selling lots of homemade salads, sandwiches, rolls and quiche. Fruit salad pots with yoghurt and muesli are also a great healthy option.

If you have any special dietary requirements please ask.

Keep an eye out this week for our mini cheese ball & vegie sticks only $3.00

**Cheers from the canteen ladies...**

**Gavel Club**

**OPEN GAVEL MEETING REPORT**

During lunchbreak on Wednesday 11 February in the SLC lecture theatre Proserpine State High School held an open Gavel Meeting.

The open meeting included the following items:

- Reading of the Gavel Mission and Invocation
- A Round Robin
- A Speech by one of our Gavel members
- Various Table Topics

Many students turned up to the meeting and it was wonderful to see so many new faces. We had a humorous speech by Logan Donadelli entitled “Planning my own funeral.” The round robin was excellent as everyone participated in it and had a great time. Newer students also participated fully in the table topics and it was really encouraging to see.

This was an excellent opportunity to meet new students who may be interested in joining, and a good time was had by all.

The next regular Gavel meeting is on Wednesday 4 March, at 3.15pm-5.15pm in C2. All interested students are welcome to attend. If you would like more information, you can come and see me at C West Staffroom, or you can email me anytime at javer29@eq.edu.au.

**Ms Jacqueline Avery**

**Gavel Club Chairperson**

**Lost Property**

Students, please check the lost property at the office as the stand is overflowing with items left behind after the Swimming Carnival. There are lots of sport shirts, towels, assorted foot wear, lunchboxes, drink bottles, etc.

Parents if your student is missing anything at all have them go to the office to check.
